## Featured Member: Jacob & Samuel Drilling Ltd.

Jacob & Samuel Drilling Ltd. is committed to discovering each customer's needs, striving to not only meet those needs, but to go above and beyond. They understand that every client has different specific requirements. Committed to creating a vision of perfection centered on their customers, their goal is to develop well-working relationships built on trust. Jacob & Samuel Drilling Ltd. is focused on delivering consistency, while growing in steady but manageable increments; improving contract by contract. This guarantees customer satisfaction at every level. Their mission is to produce accurate, quality core samples as cost effectively as possible.

Equipped with long stroke deep hole diamond drill rigs, set up with automated rod manipulators and hydraulic rod breakers, this company uses all precautions necessary in order to execute every task successfully. Whether using standard leveling jacks, or drill configurations, they practice every safeguard required.

Management at Jacob & Samuel Drilling Ltd. is committed to providing a safe and rewarding workplace for all of its employees and also work hard to develop client focused relationships with all their customers and to extend corporate responsibility to the communities in which they operate. Their strong technical team ensures that approaches to drill programs are tailored to meet their client's unique technical, regulatory and environmental requirements.
